

WANT TO BE A BUMBLE BEE CITIZEN SCIENTIST THIS SUMMER?

Rusty-patched Bumble
Bee (Endangered)

Volunteer surveyors at Pinery Provincial Park!
Pinery is the last known location of the Rusty-
patched Bumble Bee.

Awenda Provincial Park is home to the Yellow-
banded Bumble Bee (Special Concern).

Wildlife Preservation Canada needs YOUR HELP to survey for at-risk bumble bees at **Pinery Provincial Park** and **Awenda Provincial Park** this summer.

All you need is:

- Transportation to/from the park
- Free time to photograph bumble bees from July to September
- A camera (phone cameras acceptable)

What you will get in return is:

- A rewarding & fun outdoor experience!
- And training in...
 - ✓ Bumble bee identification
 - ✓ Submitting your observations to BumbleBeeWatch.org

Time commitment is flexible, and
NO EXPERIENCE REQUIRED!

If you have any questions about this
program, email us at:

ontariobecitsci@wildlifepreservation.ca

Training at **Awenda Provincial Park** will be
on June 24th, 2017 and at
Pinery Provincial Park on June 25th, 2017.

To sign up for training at Pinery Provincial Park, visit: <http://bit.ly/2mNSg8y>
